Square Edge Cap

Install kit available

One kit will install two 2440mm x 1000mm panels and 2 kits are required for a three-panel bath surround.

Neutral cure silicone tubes x 2

Double-sided tape 15m

Tile spacers x 12

Sandpaper

Silicone spatula

Cleaning Squeegee

Latex gloves x 1

Vistelle Installation Guide

Cleaning

Vistelle is easy to keep clean using warm soapy water and a microfibre cloth, chamois, or squeegee.

Its hygienic, non-stick surface will not harbour the build-up of mould, bacteria, soap, or calcium. Due to the large size of the panels grout usage is eliminated.

IMPORTANT: Do not scrub or use brushes, scrapers or harsh instruments containing metal on the cleaning surface (including steel wool) at any time. Also, abrasive cleaners should NOT be used with Vistelle.

Warranty

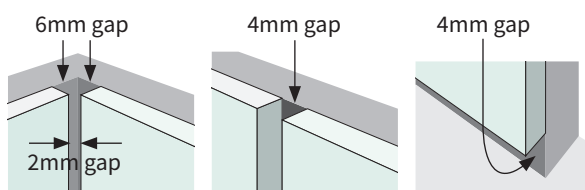

The Vistelle warranty covers faulty materials for a period of 10 years from the date of sale by EGR subject to the terms, conditions and exclusions contained within the entire warranty document.

Edges

Edges option 1 (without profiles)

Edges can be sanded, polished or sealed at joints using a neutral cure silicone. leave a 2, 4 or 6mm gap as required.
